

Driven by you to drive  
the world.  
Who else but MAN.

**MAN Diesel & Turbo** has a vacancy in **Dubai** in the **Service** department for the earliest start date

## Mechanical Supervisor (m/f)

### Tasks

You lead and supervise as site manager/supervisor all Field Service activities during new equipment installation, service and commissioning work, on offshore and onshore installations/sites for all types of rotating equipment/turbomachinery. You will be permanently based in Dubai, but will serve the whole Middle East Region, with occasional international projects as required.

- Participate and direct site meetings to plan/agree on site activities/work scope
- Lead and supervise skilled/unskilled labor at site, to perform the specified tasks
- Provide support and technical advice to customers personnel at site
- Lead and coordinate trouble shooting and problem solving activities at site
- Complete/fill out the respective site documentation and Field Service Reports
- Follow and adhere to the Safety, Health, Environmental and Quality Guidelines and Company Policies

### Qualifications

- Formally recognized apprenticeship as a mechanical fitter, machinist or a mechanical technician
- Minimum of 5 years experience in the erection, assembly and service of rotating equipment/turbomachinery (preferably turbines/compressors)
- Team player, but also ability to work independently
- Able to work "hands on" to accurate/fine tolerances during critical activities
- Flexible, physically fit and willing to travel and work for up to 200 days per year around the world, on various assignments
- Fluent in English (written and spoken), additional foreign languages are beneficial

**MAN Diesel & Turbo** is the world's leading provider of large-bore diesel engines and turbomachinery for marine and stationary applications. It designs two-stroke and four-stroke engines, gas and steam turbines as well as compressors.
