MAN Diesel & Turbo is the world's leading provider of large-bore diesel engines and turbomachinery for marine and stationary applications. It designs two-stroke and four-stroke engines, gas and steam turbines as well as compressors.

The product range is rounded off by turbochargers, propellers, gas engines and chemical reactors. Customers receive worldwide after-sales services marketed under the MAN PrimeServ brand.

The company employs around 15,000 staff at more than 100 international sites, primarily in Germany, Denmark, France, Switzerland, the Czech Republic, India and China.

MAN Diesel & Turbo is a company in the Power Engineering business area of MAN SE.
